VELAN concast
YOUR TRUSTED PRECAST SPECIALIST

Tank capacity- 11550 Lits

Section

SPECIFICATION

Concrete grade- M40 with special admixture

Wall thickness -
175 mm bottom,150 mm top

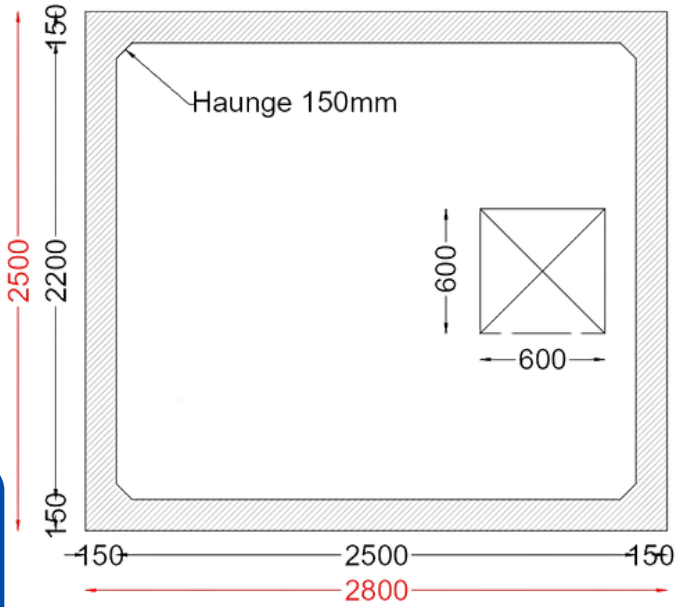

Bottom slab thickness 150 mm

Top slab thickness 150 mm

Steel grade-
fe 550d double layer

Manhole size 600 mm x 600 mm

cementitious waterproof 2 coat

Plan

Earthwork size

Length - 3400 mm (11'3")

Breadth - 3100 mm (10'3")

Height - As per site condition

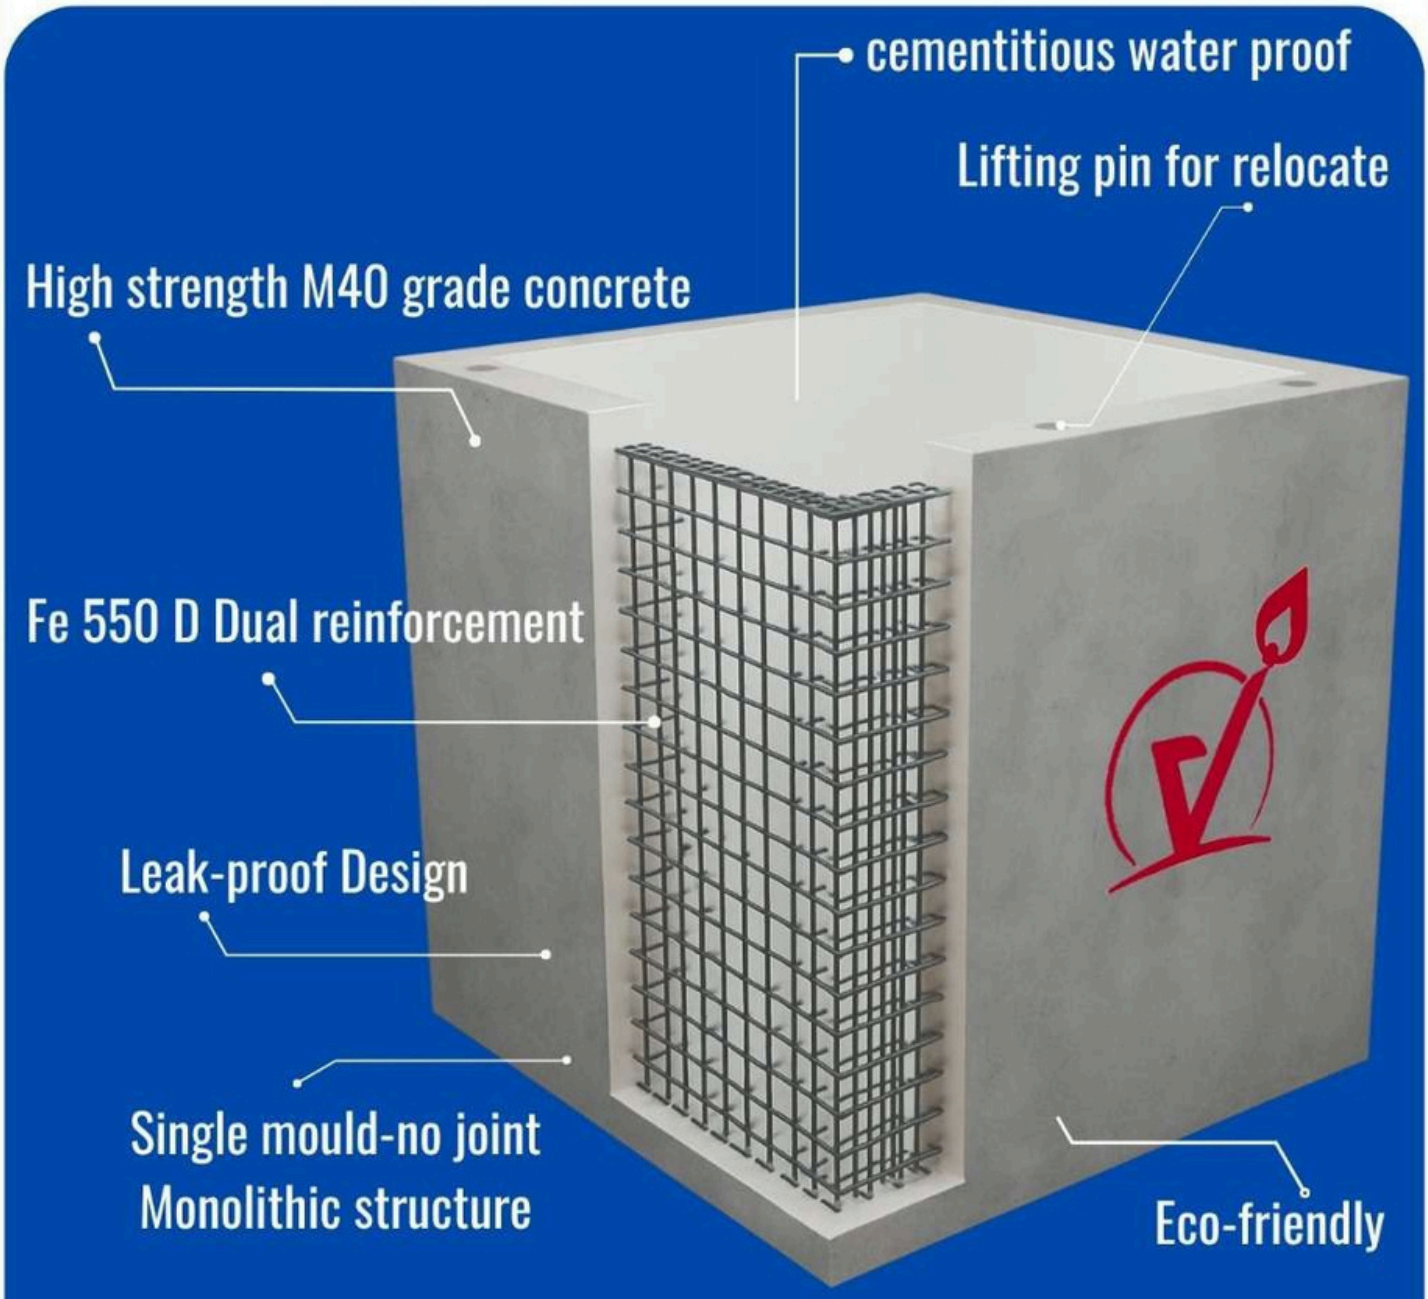

Inventory Of Revolutionary

Factory-made Single Mould Water Tank System

- Life span As per ISI Code 1596 — Above 100 Years
